Welcome to
Audio
Exploration and
Creation

We create our content
with you in mind.

Our team creates a
specialized playlist, just
for you, using your
favorite songs and the
vibe of your music as our
guide.

After you press
submit, we reach out
to you, with a phone
call, email, and/or
text message asking
just a little bit more
about you, so your
content is created
for YOU!

Our Audio experts
are the most
skilled in eh field
of the playlist, we
know how to
order your music
so you don't feel
the need to press
shuffle (it's okay if
you do though).
